

PRODUCT SPECIFICATION AND PACKAGING DETAILS

All Halo architectural floor tiles are manufactured for commercial use.

Many Halo products replicate natural materials and therefore will show variations in shade and appearance. Tiles do NOT need to be shuffled prior to installation.

All products are 1/8” (3.2mm) gauge with either beveled or unbeveled edges dependant upon the style. See listing below.

Modern Terrazzo and Multiflake are available 24” x 24”

All products have a minimum .7mm thickness of extremely clear wear layer.

All products comply with ADA requirements for slip resistance on flat floors.

<u>PRODUCT</u>	<u>SIZE</u>	<u>TEXTURE</u>	<u>CTN</u>	<u>PCS</u>	<u>WT</u>
